

Guide to Transferring From Webelos Scouts to Boy Scouts During Rechartering Time

In order to help smooth the transition and help Cub Scout packs and Boy Scout troops decide what to do with second (2nd) year Webelos Scouts at rechartering time, we are suggesting this solution:

Cub Scout packs with:

- **December** rechartering dates should recharter the boys with the Cub Scout pack and transfer them into a Boy Scout troop only **after** the **Boy Scout troop** recharters.
- Rechartering dates in the **same month** as the Boy Scout troop the boys are joining should **register with the Boy Scout troop**, but only if they meet criteria A, B, or C below.

Webelos Scouts must follow the age and grade guidelines to join a Boy Scout troop:

- A. He must complete the Arrow of Light requirements as stated in the Webelos handbook, and be at least 10 years old.

OR

- B. He must have completed the fifth (5th) grade *and* he must be at least 10 years old.

OR

- C. *He must be 11 years old.*
